SOUTH AUSTRALIA

This bulletin shows direct trade between overseas countries and South Australia. Interstate trade and overseas trade via other States have not been included. The figures are preliminary and are subject to revision.

As imports are very varied, in many cases they have of necessity been grouped under headings indicative of main items in the groups e.g. Apparel and Attire. However this makes it impracticable to publish a table of quantities, as there is often no appropriate single unit of quantity. For similar reasons, the first table excludes quantities of a number of export items.

Values: The value of exports is expressed £A f.o.b. or its equivalent at port of shipment: the value of imports is "transaction value" £A f.o.b. or "domestic value" £A f.o.b. at port of shipment whichever is the higher.
